

M&H TECHNOLOGY SOLUTIONS LLC

Virginia SWaM Capability Statement

Microsoft 365 · Entra ID · Identity Engineering · Cloud & Hybrid Infrastructure

CORE TECHNICAL CAPABILITIES

- Microsoft 365 tenant administration, governance, and license optimization
- Entra ID (Azure AD): identity architecture, Conditional Access, hybrid identity, PIM, access reviews
- Exchange Online: migration (cutover/staged/hybrid), mail security (DMARC/DKIM/SPF), Defender for O365
- SharePoint Online & Teams: governance, information architecture, migration, lifecycle policy
- Security & compliance: M365 baseline assessment, Purview/DLP configuration, posture remediation
- Automation: PowerShell and Microsoft Graph API automation for identity, licensing, and reporting
- Windows Server, Group Policy, and hybrid on-premises/cloud infrastructure support

WHY M&H FOR VIRGINIA PROCUREMENT

- Virginia SWaM-certified: Small Business, Micro Business, and Minority-Owned Business (Cert #816977, active through 2030-11-20)
- Virginia-based firm with a completed Virginia local-government IFB response on record (Town of Christiansburg)
- Deep Microsoft 365 / Entra ID specialization aligned to registered NIGP consulting codes (software, hardware, network, and strategic technology consulting)
- Direct engineering delivery by the firm's principal — single point of accountability for state and local engagements

RELEVANT EXPERIENCE

Indigo IT — FHFA General Support Services (Subcontract)

Subject Matter Expert on an infrastructure support subcontract for the Federal Housing Finance Agency, performed through prime contractor Indigo IT. September 2024 - February 2026.

Commercial Real Estate Portfolio — SharePoint Online Discovery & Planning (Direct)

Discovery and preliminary architecture planning for SharePoint Online governance and a potential Box-to-SharePoint migration, multi-property commercial client. Discovery began June 2026; SOW not yet executed — planning-stage only. Client name withheld pending consent.

Town of Christiansburg, VA (Direct — Local Government)

AV and video-streaming equipment procurement, competitive IFB 21-0025, municipal recreation complex. Date estimated 2020; final scope/terms/completion not independently verified.

Technology-Partner Subcontract — M365 Security & Compliance

Microsoft 365 security-posture remediation (Secure Score/Defender), SharePoint Online governance training, and a HIPAA-compliance-focused M365/Teams configuration review for a healthcare-sector organization, delivered as a subcontractor to a strategic technology partner. 2019 - 2021.

Virginia SWaM certification #816977 is verified active (Small Business, Micro Business, Minority-Owned Business; 2025-11-20 - 2030-11-20) and is a Commonwealth of Virginia state-level certification only — it is not SBA 8(a), HUBZone, or any federal certification. SAM.gov registration renewal is separately under review. No federal contract award, security clearance, or SBA certification is claimed. Work performed as W2 employment is personal experience, not an M&H Technology Solutions contract.
